1 Introduction

- 1.1 This delegated report relates to the assessment of the application for the designation of the Antrobus Neighbourhood Area 1.
- 1.2 The application for the designation of Antrobus Neighbourhood Area 1 was publicised on 29 October 2020 until 10 December 2020. The application was made under Regulation 5 of The Neighbourhood Planning (General) Regulations 2012. The Neighbourhood Area is being set up for the purpose of preparing a Community Right to Build Order (CRtBO). The application complied with the requirements of the regulations as it included: a map identifying the area to which the area application relates; a statement explaining why the area is considered appropriate to be designated as a Neighbourhood Area; and a statement that the organisation making the area application is a relevant body for the purposes of section 61G (and Schedule 4C if a community organisation) of the Town and Country Planning Act 1990 (as amended) and regulations 5(c) (and 13 if a community organisation) of the Neighbourhood Planning (General) regulations 2012.

2 Area description

- 2.1 The proposed Antrobus Neighbourhood Area 1 Area is the area covered by Antrobus Village Hall, car parks and play area on Knutsford Road / School Lane, Antrobus. It forms part of the settlement of Antrobus. The area is located within the wider Antrobus parish and Marbury ward.
- 2.2 A map of the Antrobus Neighbourhood Area 1 is attached to this report.

3 Publicity

- 3.1 The application was publicised by public notice in the Northwich Guardian on 29 October 2020.
- 3.2 Details of the application were also published on the Council's website from 29 October 2020 until 10 December 2020.
<http://www.cheshirewestandchester.gov.uk/neighbourhoodplanning>.
- 3.3 Copies of a notice advertising the application were placed in the temporary Antrobus community shop and on Parish Council noticeboards within Antrobus.
- 3.4 Local Councillors were informed of the application by email on 29 October 2020. Members were advised to contact the case officer if they wished to discuss the proposal.
- 3.5 The six week publicity period ran from 29 October until 10 December 2020.
- 3.6 The neighbouring parish councils of Antrobus, Great Budworth, Comberbach, Aston by Budworth, High Legh and Whitley were notified of the application by email on 29 October 2020. Warrington Borough Council was also notified on the same date.
- 3.7 The publicity arrangements complied with Regulation 6 of The Neighbourhood Planning (General) Regulations 2012.
- 3.8 The following internal consultees were notified by email: Property; Transport (planning); Highways and traffic; Strategic transport; Open space; Green space; Landscape; Total environment; Conservation; Archaeology; Housing; Legal; Health; Environmental protection; Regeneration and economic development; Locality; Planning; Mersey Forest; Public rights of way; Education; Climate change; Emergency planning.
- 3.9 The Council received representations from:

- Bollington Town Council / Civic Society – Strongly committed to Neighbourhood Planning and in general support applications for Community Right to Build. Find nothing to be concerned out or object to in this application.
- Cheshire Brine Subsidence Compensation Board – No comments as there are no sections which are relevant to ground instability due to brine.
- The Coal Authority – No comments.
- Great Budworth Parish Council – No comments.
- Highways England – No comments.
- Neighbouring property owners at The Homestead, School Lane – Raise the issue that the current boundary of the Neighbourhood Area covers part of their property. They identify that the boundary should be shown in a parallel line with the village hall, not on an angle as shown on the Neighbourhood Area plan.
- Natural England – No comments on the suitability of the proposed plan area or the proposed neighbourhood planning body. Provide information sources and highlight some potential environmental risks and opportunities that neighbourhood plans or orders may present.
- The Cheshire West and Chester Council Archaeology Planning Advisory Service confirmed that no features of historic interest are apparent within the boundary of the site (from a check of data held in the Cheshire Historic Environment Record and readily-available historic maps and aerial photographs) and no archaeological mitigation is advised.
- CWaC Conservation and Design team – No objection in principle but identified that the site sits within the setting of several locally listed buildings and is in a semi-rural location with a mix of building types. Suggest that the site would benefit from a development brief to ensure a high quality and characterful development befitting the semi-rural nature of the location.
- Historic England – No comments.
- Homes England – No comments but will continue to engage as appropriate.
- Canal and River Trust – No comments.
- National Grid – Identify that an assessment has been carried out with respect to National Grid's electricity and gas transmission assets which include high voltage electricity assets and high-pressure gas pipelines. National Grid has identified that it has no record of such assets within the Neighbourhood Plan area. Provide information sources and contact details for further advice, if required.

4 Issues and assessment

- 4.1 The main issues in determining this application are:
- Whether an application for a Neighbourhood Area has already been made covering all or part of this area (as there can only be one Neighbourhood Area in each location and they cannot overlap).
 - Confirmation that the applicant is a 'relevant body' to undertake Neighbourhood Planning in that area in accordance with section 61G

(and Schedule 4C if a community organisation) of the 1990 Act and Regulation 5(c) (and 13 if a community organisation) of the 2012 Regulations (i.e. a parish council, Neighbourhood Forum or community organisation).

- Assessment of whether the extent of the Neighbourhood Area is appropriate.
- 4.2 No other application has previously been made covering all or part of this area and there are no existing designated Neighbourhood Areas covering, or close to the boundary of the proposed Neighbourhood Area.
- 4.3 Antrobus Parish Council is a relevant body to undertake Neighbourhood Planning in that area in accordance with section 61G of the 1990 Act and Regulation 5(c) of the 2012 Regulations.
- 4.4 The Neighbourhood Area originally submitted and consulted on included a small section of a neighbouring property and this issue was raised by the owners of the neighbouring property in the consultation responses. Subsection 5 of section 61G of the Town and Country Planning Act 1990 (as amended) enables a Local Planning Authority to modify the boundaries of a proposed Neighbourhood Area if they believe there are reasons to do so.
- 4.5 As the originally submitted Neighbourhood Area included a small part of a neighbouring property it was not considered to be appropriate. However, once this small area has been removed from the boundary, the boundary of the proposed Neighbourhood Area is considered appropriate. The Local Planning Authority have thereby used the powers set out in the Town and Country Planning Act to modify the boundary and remove the section of the area that is within the neighbouring property. The updated boundary shown on the plan attached to this report. This is only a very minor change and the Parish Council and owners of the neighbouring property are happy with the amendment.
- 4.6 The comments raised by the Conservation and Design officer do not relate specifically to designation of the Neighbourhood Area and can be dealt with at later stages in the CRtBO process. No other comments were raised regarding the Neighbourhood Area and the amendment relates to a very small section of land. As both parties (the Parish Council and owners of the neighbouring property) are happy with the amendment, it is not considered necessary to re-consult on the updated Neighbourhood Area. The new Neighbourhood Area is considered appropriate as it covers the land including and adjacent to the existing village hall and on which the current temporary community shop is located. The proposed CRtBO is for a new community shop and the land included within the boundary is now all within the ownership of the village hall.

4.5 The boundary of the Neighbourhood Area does not follow the Parish Boundary as the Community Right to Build Order relates to a specific proposal only. The Parish Council have considered preparation of a Neighbourhood Plan and do not wish to prepare one, so it is not necessary for the boundary of the Neighbourhood Area to cover the whole Parish. The proposed Neighbourhood Area is therefore considered to be an appropriate area in which to prepare a CRtBO.

5 Conclusion

5.1 The application for the Antrobus Neighbourhood Area 1 complied with the requirements of the regulations. The application was publicised in accordance with the regulations and only one representation was received that raised an issue with the Neighbourhood Area. The boundary of the Neighbourhood Area has now been amended slightly to ensure that all of the land within it is in the ownership of Antrobus Village Hall. As such, the issue has now been resolved.

5.2 The Antrobus Neighbourhood Area 1 is considered appropriate because:

- No other applications have been made for Neighbourhood Areas covering all or part of the area.
- Antrobus Parish Council is a relevant body to undertake preparation of a Community Right to Build Order.
- The Neighbourhood Area follows the boundary of the area within which the Community Right to Build proposal will be undertaken. The site is adjacent to the existing village hall and currently includes the temporary village shop. As the boundary has been amended to exclude land in alternative ownership, the whole site is now within ownership of Antrobus Village Hall. It is appropriate for development in this area to be guided by a CRtBO. The Parish Council considered preparation of a Neighbourhood Plan and do not wish to prepare one, so it is not necessary for the boundary of the Neighbourhood Area to cover the whole Parish.

6 Decision

6.1 That the Antrobus Neighbourhood Area 1 is approved and is formally designated.

6.2 The reasons for this decision are that the Antrobus Neighbourhood Area 1 is considered appropriate because:

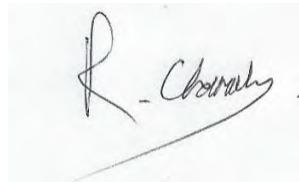

- No other applications have been made for Neighbourhood Areas covering all or part of the area.
- Antrobus Parish Council is a relevant body to undertake preparation of a Community Right to Build Order.

- The Neighbourhood Area follows the boundary of the area within which the Community Right to Build proposal will be undertaken. The site is adjacent to the existing village hall and currently includes the temporary village shop. As the boundary has been amended to exclude land in alternative ownership, the whole site is now within ownership of Antrobus Village Hall. It is appropriate for development in this area to be guided by a CRtBO. The Parish Council considered preparation of a Neighbourhood Plan and do not wish to prepare one, so it is not necessary for the boundary of the Neighbourhood Area to cover the whole Parish.
- 6.3 The Head of Planning hereby exercise their delegated authority to agree the area application.
- 6.4 A copy of this note will be sent to Antrobus Parish Council and relevant local Councillors.
- 6.5 In accordance with Regulation 7 of the 2012 Regulations, as soon as possible after the date of the decision the Council will publish the following on its website:
- a) Name of the area
 - b) Name of body who applied
 - c) Decision and reasons
 - d) Details of where the decision can be inspected
 - e) Map of Neighbourhood Area
