

Japanese knotweed - Prevent the spread of invasive, non-native plants

You are reminded that this plant is notifiable.

If you come across it on your property then you **MUST** take steps to eradicate it. Great care should be taken to prevent the spread of the plant.

If you come across it on a public highway (e.g. verge) then please contact Highways on 0300 123 7036. To identify it visit www.nonnativespecies.org/index.cfm?sectionid=47

Please also inform the Parish Clerk of the location as the Parish Council has started keeping a list of sites. For general information see www.gov.uk/prevent-the-spread-of-harmful-invasive-and-non-native-plants
